Attached is some draft statutory language that Indiana sent for our review.

Hi Melanie-

We wanted to check with you regarding the call with IN on 404(g). Is that confirmed for this Thursday at 3 – your time?

Kathy and I would like to join, if ok with you (I'll be working with Kathy to help with states interested in assumption, and likely help with IN). If so, can you forward the invitation to us, as well as any materials you think we should look at before the call.

Thanks!
Ruth

Wow, where does the time go? I sent this back in July and am just now able to loop back around. My October is filling up fast, but I'm hoping we can find a time for a call – what are you all doing between 1:00 and 3:00 ET on October 10th?

Hey EPA colleagues, I am feeling like I need to have another discussion with you regarding the status of Indiana's 404 assumption. Perhaps because I haven't had to get this deep into 404 before, I'm struggling some of the concepts. A quick glance of my calendar shows I have some flexibility on the 27th, any chance that Friday might work for call?

Also, I've attached our first draft of statutory revision language, this is just to get the concept approved and supported, so there is time to make adjustments if you see any key issues.
